Hi!

I just finished a super long Feet Treat Soak and Foot Balm treatment and what can I say except THANK YOU!!! Lately, life has made me very bad with treating my body but I have to say that tonight I'll go to bed so relaxed!

As I type this I can smell the Mint Foot Balm all around me, and when I put my palm against my nostrils - WOW! I'm feeling so good - and sleepy! Not a small feat for a fibromyalgic with sleep problems!

Cheers and love ya both

Ann
